CROWN BALLROOM

Opulent & Grand

CROWN BALLROOM

Designed to rival the world's grandest event spaces. Crown Ballroom is an absolute showstopper. The ballroom with custom built in stage features 8 metre high ceilings and is adorned with cream gloss panelled walls, bespoke lighting and carpet.

The 2000 square metre pillarless ballroom can separate into five smaller rooms each offering the very latest audio-visual capabilities including built in screens and projectors.

The custom made floral inspired chandeliers create a dramatic visual centerpiece and can be adjusted to suit any lighting requirement.

The spacious pre-function area features an undercover heated terrace with alcove seating. There is also an adjoining Green Room and Bridal Suite to ensure every detail, no matter what the occasion, is seamless from beginning to end.

Our professional team will assist you with all of the details to ensure your meeting or event operates seamlessly.

AUDIO VISUAL SERVICES

AVPartners is a leading audio visual provider and Crown Perth's in-house audio visual partner. AVPartners will assist in the delivery of technical production, lighting, event design and styling of your event.
