Responsible Service of Gambling Team

Crown Perth encourages and urges everyone to gamble responsibly. A responsible gambler is a person who:

- > is in control of their gambling and sees gambling as entertainment
- > only gambles with money set aside for entertainment
- > never borrows money to gamble from friends, their credit card, or money set aside for other things
- > sets limits on the amount of money to spend gambling
- > sticks to these limits and walks away when they are reached
- > recognises that you can't win in the long run and doesn't try to chase losses
- > is relaxed and sociable
- > is aware of family and friends
- > is happy to take frequent breaks

Crown Perth's dedicated Responsible Service of Gambling Team provides information and support to those who may need assistance with their gambling.

The Responsible Gambling Information Centre is located at the Riverside Entrance at the base of the escalators. The centre is open 24 hours a day, seven days a week. Call 1800 801 098 or visit gambleresponsibly.com.au

Gaming Information Terminals

Gaming Information Terminals (GIT) contain important information about the odds and chances of winning at all the games in the Casino.

We encourage you to take the time to view this information so that you can make an informed choice about the games you choose to play.

The terminals are in the following locations:

In the Casino

In the Pearl Room

House Margins

Gambling is an exciting and very popular leisure activity that attracts a significant number of customers every year. Every day, Crown Perth welcomes approximately 22,000 customers* and many enjoy playing the wide variety of games.

Crown Perth is Western Australia's only licensed Casino and the playing of games is administered and governed by rules from the Gaming & Wagering Commission of Western Australia (Commission).

When considering a game you wish to play, we encourage you to know the chance of winning so you can make an informed choice. The rules of the games determine the house edge, which is the overall percentage of the monies wagered that the Casino can retain. Different house edges apply to each game or wager.

Crown has a wide variety of Table Games available for play. More information on each of the games is available on request or at the Gaming Information Terminals located throughout the Casino.

Government Regulations – Important information you should know

- > The Commission approves all the Rules of Play for all the various Table Games.
- > It is an offence for Crown Perth to operate a game other than in accordance with the Rules.
- > The Commission regulates the Casino to ensure all games operate within the Rules of Play.

What are the Rules of Play?

The Rules of Play govern how a game is played and the odds which are paid for winning wagers. This determines the long term house edge but may not be experienced by individual players in the short term.

We encourage you to view the information on the Gaming Information Terminals so you know the odds and the house edge on the game of your choice. See the back of this brochure for terminal locations.

Casino Table Games are designed to retain a pre-determined percentage of all amounts wagered by players over the long term. This is known as the "house margin". Each of the Table Games has a different house margin:

Blackjack*		0.47%
Blackjack Plus*		2.84%
Perfect Pairs		6.76%
Baccarat	Player	1.24%
	Banker	1.46%
2 to 1 Baccarat	Player	2.20%
	Banker	3.62%
Dragon Bonus	Player	2.65%
	Banker	9.37%
Baccarat Pairs		10.36%
Roulette (Single Zero)		2.70%
Roulette (Double Zero)		5.26%
