Responsible Gambling

Crown Perth actively promotes the responsible service of gambling.

Our aim is to enable people to make informed decisions about gambling, and to provide our services in a manner that minimises the potential for harm. For an individual, responsible gambling is about making sensible choices based on current life circumstances.

Crown Perth's Commitment to Responsible Gambling

Crown Perth recognises that whilst the vast majority of its customers enjoy their gaming activities in a safe and responsible manner, there is a small percentage of customers for whom gambling has become, or has the potential to become, a problem too large to overcome by themselves.

Since commencing operations in late 1985, Crown Perth has been committed to responding to, and supporting, these customers.

Crown Perth's Mission Statement

Crown Perth is committed to providing responsible gambling services through the provision of effective and responsible gambling programs, information, assistance and services.

Responsible Gambling Code of Practice

Crown Perth's responsible gambling initiatives are aimed at minimising the potential risk for the small number of customers who may develop difficulties associated with their gambling behaviours. This includes the creation of an environment where gaming is a safe and comfortable entertainment experience for all our customers. Crown Perth's responsible gambling program is further detailed in our 'Responsible Gambling Code of Practice' which has been endorsed by the Gaming and Wagering Commission of WA.

Problem Gambling

At Crown Perth, we believe playing Casino games should be an enjoyable entertainment experience. For the vast majority of people, it is. Occasionally, however, some players may encounter problems. When gambling ceases to be a source of pleasure, or becomes an excessive, uncontrollable activity, the player and/or their family, friends and work colleagues can feel the damaging effects.

Problem gambling generally refers to a situation where a person's problem gambling behaviour gives rise to harm to themselves, and/or to their family, and may extend into the community. If you, or someone you care about, display the signs and symptoms of problem gambling, help is readily available.

Signs of Problem Gambling

- A strong, uncontrollable urge to gamble;
- Repeated unsuccessful attempts to reduce or stop gambling;
- Spending more money and/or time on gambling activities than originally intended;
- Chasing your losses;
- Gambling whenever money is available;
- Lying to family members, friends or employers to hide your gambling activities;
- Gambling becomes more important than relationships and activities; and
- Breaking the law by committing forgery, fraud, or theft etc to finance gambling activities.

Gambling problems? You're not alone

If you would like to talk to someone about your gambling habits, or perhaps those of someone you care about, help is only a phone call away.

Private and confidential counselling services are offered to all Casino customers.

A number of services and agencies offer various forms of assistance to people experiencing problems with their gambling behaviours. Crown Perth works cooperatively with these services to ensure the best possible solutions for customers seeking assistance.

Self-Exclusion

As part of our commitment to responsible gambling practices, you may wish to consider our Self-Exclusion Program.

Customers may seek self-exclusion from the Casino for a number of reasons including:

- Creating an opportunity to stop or control their gambling;
- Preventing themselves from entering the Casino and the risk of further financial loss and other associated problems;
- Proving to their family, friends or employers that they have taken a positive step to prevent further Casino gambling activities; and/or
- Gaining some self-esteem and/or positive feeling that they have taken a major step in overcoming their problems associated with gambling.

A customer may be self-excluded from the Casino by completing a Self-Exclusion Agreement.

Before the self-exclusion will be lifted, a customer must demonstrate that they have taken steps to address their gambling related issues. Written information on counselling services is available from various locations throughout the Casino, and can be accessed at the Crown Club counters on the Casino floor.

The Responsible Service of Gambling Team and Security Department handle all requests from customers to be self excluded from the Casino.

The Responsible Gambling Information Centre is open 24 hours a day, seven days a week. All customers who enter into a Self-Exclusion Agreement are provided with information about various support services and welfare organisations.

Self-exclusion is a simple process and is a confidential service available to any Crown Perth Casino customer who thinks they may have a gambling problem. For further information please call the Responsible Service of Gambling Team on +61 8 9362 7500, visit the Responsible Gambling Information Centre, or visit the Crown Club counter or the Security Podium, located in the Casino.

Know your Odds of Winning

Crown Perth is Western Australia's only legal Casino and is governed by strict rules administered by the Gaming and Wagering Commission of Western Australia.

These rules determine the level of house margins, which is the overall percentage of monies invested that the Casino can keep. All casinos keep a percentage of the amount wagered in all the gambling activities conducted.

To assist customers in making informed decisions about their gambling choices, we provide information on how to play, and the odds of winning, for all games available in our Casino.

General gaming information and specific information for each Casino game is available at the Crown Club counter in the Casino as well as at a Gaming Information Terminal next to the counter.

Resolution of Customer Complaints

Crown Perth has a complaints resolution process for gambling and responsible gambling related matters. All complaints are referred through this process to be resolved. If a complaint cannot be resolved, customers can lodge a complaint with the Gaming and Wagering Commission of Western Australia by completing an appropriate form for referral to the Department of Racing, Gaming and Liquor.

The complaint will be investigated by an inspector and referred to the Chief Casino Officer and/or the Gaming and Wagering Commission of Western Australia or a decision.

Minors are Prohibited

Entry to the Casino at Crown Perth is restricted to persons 18 years of age or over. It is an offence for any person under the age of 18 years of age to participate in gambling activities. Crown Perth Casino prohibits customers from leaving their children unattended in any areas. Any person found doing so may be excluded from the Casino and/or subject to prosecution.

Responsible Service of Alcohol

At Crown Perth, we would like all of our customers and staff to enjoy a safe and secure environment 24 hours a day, seven days a week.

To ensure we maintain this environment throughout Crown Perth, we are committed to the responsible service of alcohol. In accordance with the Liquor Licensing Act (WA) Crown Perth's policies regarding the responsible service of alcohol include:

- Crown Perth has the right to refuse entry to people who may be considered to be under the influence of alcohol and displaying signs of intoxication
- The supply of alcohol on the premises to minors (under 18 years of age), or intoxicated customers, is not permitted
- The consumption of alcohol on the premises by minors, or intoxicated customers, is not permitted
- Crown Perth and its staff have a legal responsibility to ensure the well-being of customers whilst on the premises by ensuring customers do not become intoxicated during the course of their stay.

Crown Perth discourages practices that lead to excessive or rapid consumption of alcohol in all outlets.

Financial Transactions

To assist customers in maintaining responsible gambling practices, Crown Perth has a number of financial policies and procedures in place. These include:

- Automatic Teller Machines (ATMs) are not located within licensed gaming areas
- Crown Perth and its staff will not lend money or allow credit betting
