

Protecting *you*, protecting the *community*

Crown has made some changes to the way we provide our services and would like to provide an update to you.

As a valued member, it's important to recognise that Crown, like a financial institution, works with Australian Transaction Reports and Analysis Centre (AUSTRAC) under the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 to detect, disrupt and deter money laundering in our financial systems.

Crown does this by reporting certain threshold transactions to AUSTRAC and performing customer due diligence to verify the legitimacy of funds used for gaming.

These responsible practices aim to mitigate the risk of individuals using illicit funds at Crown. Illicit funds can enable serious crimes such as terrorism, slavery, drug trafficking, child exploitation, fraud and corruption in our community.

Our members can play an important role to help us protect the community by being aware of these processes and declaring certain information to Crown when requested.

Managing your Funds at Crown

The preferred way for Crown to accept your funds for gaming purposes has changed. Crown prefers electronic transfers of funds from your personal bank account rather than cash deposits to your Crown deposit account.

Deposits

Electronic Fund Transfers

Crown will only accept transfers from your personal bank account. When transferring funds electronically from your personal account to your Crown deposit account, we request that you provide your full name and Crown Rewards membership number in the transaction narrative. Crown will require you to provide evidence, such as a bank statement or document from your financial institution, to prove your ownership of the bank account. If we are unable to verify your personal account details, we are unable to accept the deposit.

Crown will not accept fund transfers, cash deposits or cheque deposits from third parties. These include transfers or deposits from company, business or trust accounts and transfers from international or domestic Casinos.

Cash Deposits

Should you choose to deposit cash into your deposit account at Crown, you will be required to declare the source of your cash when the deposit or the cumulative daily deposits exceed certain thresholds. This declaration form will allow Crown to perform the necessary due diligence on the source of these funds.

The declaration form requires some personal information, financial information (including your annual income and sources of your wealth) and the source of the cash being deposited into your account. You may be required to provide further documentation to confirm the information you declare. For example, if you withdraw the cash you are about to deposit from your personal account, you will be asked to provide evidence from your financial institution such as a transaction slip and relevant documents to prove the ownership of your personal account. If the declaration form is not completed, we are unable to accept the deposit.

Based on information provided in the declaration form, Crown will make a decision whether to accept the funds and proceed with the deposit.

Crown will not accept any single cash deposit or cumulative cash deposits of more than \$150,000 on a single day. This threshold may change over the course of time.

Remittance

When a customer makes a request to remit funds electronically from his or her Crown deposit account, Crown will only remit such funds directly to the customer's personal bank account.

Crown will not remit funds to third party bank accounts, including a company, business, or trust account. Crown is unable to remit funds to your account in other casinos, unless the casinos are owned and operated by Crown Resorts (Crown Melbourne, Crown Perth, Crown Sydney and Crown Aspinalls).

Privacy

At Crown, we understand that privacy is important to our valued members. While we seek to better understand who our customers are, Crown may request additional personal and financial information from time to time to assess whether it should continue to provide Casino or Crown Rewards services to members. Crown may disclose this information to others outside of Crown that provide services to Crown to better understand our customers. Crown may also disclose this information to government agencies to comply with applicable legislation, regulations or upon their request.

Crown does not disclose or share financial information with marketing or credit agencies. All information collected by Crown is stored securely with strict access controls.

We appreciate your support as we make changes to protect you and our community from financial crime.

Please send us an email at responsible.practices@crownpertth.com.au if you have any questions.
